## Pachmayr Revolutionizes the Slip-On Grip!

**For Release:** Immediately  
January 2009

### Tactical Grip Gloves™ featuring Pachmayr Design & Decelerator® Material Outperform All Other Slip-On Grips.

Pachmayr® - a Lyman® brand and the leader in recoil technology and control - has announced new "Stretch-to-fit" Tactical Grip Gloves. These Stretch-on Grips are custom molded for each top-selling pistol model, using flexible, ultra-soft rubber technology. This makes them ideal for the popular polymer frame handguns which have no replacement grips available. Pachmayr Decelerator material delivers proven recoil reduction and enhanced control that no other slip-on can match. These grips have the right shape and flexibility to make installation "a snap" – no trimming, tearing or hard work - just a perfect fit. The distinctive ventilated side panels and contoured finger grooves provide more instinctive gun orientation and enhanced control. In addition, they look more professional than one-size-fits-all rubber band models. Tactical Grip Gloves are the only ones that "fit like a glove."

Individual, unique grips have been custom-designed to fit the following models:

<u>Model:</u>	<u>Item #:</u>	<u>Retail Price:</u>
Beretta 92 FS, M9	.05160	\$13.99
CZ 75/85	.05162	\$13.99
